

Aluminum ADSS Suspension Clamp, 9-11mm Cable

Applications

ADSS suspension clamp is a heavy duty, versatile, and reliable solution for securely suspending ADSS aerial fiber optic cable.

Features

- The cushioned insert gently grips the cable without causing damage
- The UV resistant rubber insert provides longevity in all kinds of harsh environments
- Installation with 3/4" banding

Specifications

Gasket Material	Thermo-Plastic-Rubber
UV Resistance	ASTM G154
Metal Material	Aluminum
Clamp Size	120*95*110 mm
Compatible Cable Type	ADSS
Compatible Cable Size	9–11 mm
