

Drop Clamp for Flat Fiber Optical Cables, Stainless Steel

Features

- Clamp reaches 900Nf tensile strength with cable
- Economical design with reduced material thickness
- Components are factory assembled

Specifications

Material
Clamp Dimension
Clamp Thickness
Compatible Cable Type

Corrosion-resistant stainless steel
185.5*12.4*22.7 mm
0.6 mm
2*3mm Drop Flat Cable
2*5mm Drop Flat Cable

Weight
Working Load

38 g
900 N Nominal.
