

D Lashing Wire Clamp

Applications

Used in aerial construction to secure terminating lashing wire or ground wire to a strand.

Features

- Accommodates strand sizes 1/4" through 7/16"
- Terminal ends of stud are staked to prevent disassembly
- All components of the clamps are mechanically galvanized

Specifications

Material	Galvanized Steel, ASTM B695
Dimension	25.4*26.2*47.5 mm
Thickness	5.0 mm
Compatible Messenger Size	6.4 to 11.1mm (1/4" to 7/16")
Weight	60 g
